

## Industry Enviro-Congress in Cebu: Forging Sustainable Businesses with Green Solutions

Some 200 delegates composed of CEOs, managing heads, and PCOs from various companies, sectors and dedicated partners actively took part in the Industry Enviro-Congress held on June 30 - July 1, 2015 in Hotel Elizabeth, Cebu City. The Congress primarily aimed at assisting companies particularly the SMEs to achieve compliance with the environmental laws - establishing a collaborative and meaningful partnership for sustainability. The EMB-7 have organized and conducted the said congress together with PEPP and in collaboration with DTI-Cebu, DOST 7, AJA Registrars, European Chamber of Commerce in the Philippines (ECCP), Development Bank of the Philippines (DBP) and Foundation for the Philippine Environment (FPE) and other partners.

The Philippine Environment Partnership Program (PEPP) of EMB served as the umbrella program and mechanism that stirred up the entire congress. Thematic discussions and dialogue on the PEPP process, Environmental Management System, Best Practices on Wastewater Treatment Management, Greening Strategies, Pollution Prevention and Cleaner Production, Financing Green Growth and workshops on Environmental Management Plan Preparation gave life to the whole Industry Enviro-Congress 2015.
